

## DNA Testing Web Shop

### Step-by-step guide to purchasing DNA test kits

Web address: [www.ahtdnatesting.co.uk](http://www.ahtdnatesting.co.uk)

1. Click **Order Now** on Canine DNA Tests

2. **Select your breed from the alphabetical list.**
  - Please note some breeds may not be listed under the most obvious letter (e.g. Miniature Dachshunds are under M rather than D).
  - If you cannot find your breed, please email [dnatesting@aht.org.uk](mailto:dnatesting@aht.org.uk) with the details and we will be able to advise or add that breed at your request.
3. **Select the Test(s)** you require by putting a **number** in the box indicated by the arrows. You can order tests for more than one dog on this screen. Details for individuals will be added later.

Example:

**Canine Tests**

Select Breed » Select Test » Animal Information » Client Information » Payment

Please select the tests you require using the form below.

| Test Name   | Price (inc VAT) | Quantity |
|---|-----------------|----------|
| Combined Test – IGS (Vitamin B12 Deficiency) Sensory Neuropathy and Trapped Neutrophil Syndrome -- <a href="#">Test Information</a> | £68.00          | 0        |
| DNA Profiles -- <a href="#">Test Information</a>  | £30.00          | 0        |
| Imerslund-Gräsbeck Syndrome (Vitamin B12 Deficiency) -- <a href="#">Test Information</a>  | £48.00          | 0        |

#### 4. Your details:

If you have **ordered DNA test kits online recently**, please complete the Existing Customer Log In

**Existing Customer Log In**

Email Address

Password

Remember Me

[Register](#)  
[Forgotten Password](#)

If you have **never ordered from the DNA Web Shop before**, please click Register under New Customers

**New Customers**

If you haven't purchased from us before please click the button below to register for an account.

- Complete the requested information **then** log in as an **Existing Customer**
- Add your name, address and contact details and click **Save**
- Then go to the blue bar at the top of the page and click **Basket**

5. Double check that you have requested the correct tests, then click **Checkout**
  - (this will take you to a screen to add your animal details, not directly to payment details)

6. Complete animal details for each test requested. NB: Please enter animal details **very carefully and accurately** as **this is how they will appear on your results certificates**.
7. If necessary, you can also add **more tests** in this screen (see arrow)

If you have ordered from us before and have animals already registered on this system, you can click **Saved Animals** to select the animal information you want to use. (NB: If you have problems selecting a particular animal, please click into the **BLANK SPACE** in the box above the first animal on the list (indicated with the arrow and highlighted here in **yellow**). This will clear the information and allow you to select an animal from the list. Also do this if you want to **add a new animal** to the list.

## Animal Information

Select Breed » Select Test » Animal Information » Client Information » Payment

### Canine

Border Collie - Combined Test - IGS (Vitamin B12 Deficiency) Sensory Neuropathy and Trapped Neutrophil Syndrome (#1)

|                        |               |
|------------------------|---------------|
| No. of items           | 1             |
| Cost                   | £56.67        |
| VAT                    | £11.33        |
| <b>Total (inc VAT)</b> | <b>£68.00</b> |
